PHILOSOPHICAL, EDUCATIONAL, AND SCIENTIFIC BOOKS

Science and Social Progress

A Philosophical Introduction to Moral Science

By Herbert Wallace Schneider, Ph.D.

8vo, paper, pp. x + 65. \$1.25 net

Archives of Philosophy, No. 12

MORAL SCIENCE, as it is here conceived, is an out-of-door science. It is not a matter of text-books, of propositions, of dialectics, and of maxims. It consists in the application of the experimental methods developed by the natural sciences to practical social problems, and therefore must carry on social experiments, social legislation, and social reconstruction.
